PROGRAMS

Low-Income Telephone Assistance Program

Basis, Purpose, and Statutory Authority

The basis and purpose of these rules is to implement the Low-Income Telephone Assistance Program (LITAP) so that low-income individuals receive assistance adequate to ensure access to residential basic local exchange telecommunications service and to prescribe the procedures for the administration of the LITAP Fund.

The statutory authority for the promulgation of these rules is found at §§ 40-2-108, 40-3.4-106, and 40-15-502(3)(a), C.R.S. These rules are consistent with 47 U.S.C. § 254 and 47 C.F.R., Part 54 (October 2002).

2800. Applicability.

- (a) Rules 2800 through 2805 are applicable to all providers of basic local exchange telecommunications service.
- (b) Rules 2800 through 2819 are applicable to LECs who are Eligible Telecommunications Carriers (ETCs) and who are certified to do business in and to offer basic local exchange service within the state of Colorado.

2801. Definitions.

The following definitions apply only in the context of rules 2800 through 2819:

- (a) "Eligible subscriber" means an individual who is qualified to receive low-income telephone assistance pursuant to § 40-3.5-105, C.R.S.
- (b) "Low Income Telephone Assistance Program (LITAP) service" means a retail residential local service offering that:
 - (I) Allows eligible subscribers to pay reduced charges by applying the support amount described in § 40-3.4-104, C.R.S.; and
 - (II) Is available to eligible subscribers as determined by the Colorado Department of Human Services.

2802. Incorporation by Reference.

References in rules 2800 through 2819 to Part 54 are references to rules issued by the FCC and have been incorporated by reference, as identified in rule 2008.

2803. Plan Implementation.

Prior to implementing a program plan, each provider to which these rules apply shall file with the Commission the information specified in paragraph 2804(b), along with an advice letter and tariff pages adding the LITAP service.

- (a) The tariff shall include a description of the LITAP service offered to eligible subscribers and the associated monthly rate. Such tariff shall provide a 25 percent discount, or the end user common line charge, whichever is greater, for a single residential basic local exchange line in the principal residence of an eligible subscriber. In addition, eligible subscribers who are billed by the provider and who pay mileage or zone charges associated with the line are eligible for a 25 percent discount for these charges.
- (b) LITAP service rates shall be further reduced by any amount that the basic local exchange provider receives from any federal program providing for a reduction in such intrastate rate.
- (c) In no event shall the discount for LITAP service be less than the end user common line charge imposed by the FCC.

2804. Fund Administration.

The Commission shall determine, and by appropriate order, impose a uniform charge on each business and residential access line in a uniform amount for participating telecommunications providers. Such charges can be adjusted on or before July 1 of each year. To assist the Commission in calculating that uniform charge, the following information shall be provided to the Commission:

- (a) The Department of Human Services shall forward to the Commission by April 1 of each calendar year its estimate of its administrative expenses incurred under § 40-3.4-101, C.R.S., et seq., and its estimate of the number of eligible subscribers for the coming fiscal year.
- (b) Each provider of basic local exchange telecommunications services shall, in its annual report to the Commission, state its estimate for the coming year of the number of eligible subscribers who will receive low-income telephone assistance, the number of business and residential subscribers subject to the uniform charge, and its administration cost of the program as well as the historic monthly amounts of collections generated by the uniform charge, the monthly amounts of revenue forgone due to the discount of the program, its monthly administration expenses, and amounts reimbursed from or remitted to the Low-Income Telephone Assistance Fund as managed by the State Treasurer. Providers of basic local exchange telecommunications services having more than 500,000 access lines shall report program administrative fees based on actual costs. Providers of basic local exchange telecommunications services having less than 500,000 access lines shall report a Commission-approved administrative fee based on an average cost to administer the program as shown in the provider's industry-standard cost documentation or actual cost to administer the program as demonstrated through the provider's accounting documentation.
- (c) The State Treasurer shall forward to the Commission by April 1 of each calendar year, an accounting of the transactions occurring in the Low-Income Telephone Assistance Fund.
- (d) The Commission by April 1, of each calendar year shall estimate its administrative expenses incurred under § 40-3.4-101, C.R.S., et seq.
- (e) The Commission, within 30 days of receipt of each report and after examining same, shall calculate the uniform charge based upon the undisputed amounts. Disputes concerning the amounts due for reimbursements from the fund shall be resolved through the Commission's administrative hearing process.
- (f) The Commission, shall by order, specify the amount of reimbursement due to each LEC if the foregone revenues plus any reasonable administrative expenses exceed the total amount of the uniform charge collected by the LEC.

2805. Uniform Charge.

- (a) The uniform charges imposed pursuant to § 40-3.4-108(1), C.R.S., shall be billed to each access line of each provider of basic local exchange telecommunications services.
- (b) The uniform charge shall not be imposed on any state or local governmental body or on eligible subscribers.
- (c) A provider of basic local exchange telecommunications service may collect the uniform charge by a specific line item on subscribers' bills if provided for in its tariff. Alternatively, the uniform charge may be included in each subscriber's bill as part of the subscriber's basic exchange service rate and the provider's tariff shall indicate, through a footnote or other explanatory text, that the basic exchange service rate contains the uniform charge. In addition, if the basic exchange service rate includes the uniform charge, a market informational note shall be added to

the bill once a year informing customers that "The base rate includes a Commission-approved monthly charge for the Low-Income Telephone Assistance Program".

- (d) Upon collecting the uniform charge, each provider may retain, from the total charges collected, an amount sufficient to reimburse such provider for its provision of low-income telephone assistance.
 - (I) If the total collected is in excess of the amount sufficient to reimburse the provider, the provider shall by the 30th day following the end of each quarter (January 30, April 30, July 30, and October 30) remit the excess to the Commission. To assist providers, the Commission may provide net contributors a form at least 30 days prior to the above due dates in order to accurately calculate the amounts to be remitted to the Commission. The Commission shall deposit such amount with the State Treasurer, who shall credit the same to the Low-Income Telephone Assistance Fund.
 - (II) If the total collected is insufficient to reimburse the provider, the provider shall request reimbursement from the fund by providing the required information of paragraph 2804(b) in its annual report to the Commission. The Commission, after examining the information provided, shall calculate the amount due for reimbursements from the fund, and request reimbursement from the State Treasurer, who shall remit that amount and shall debit the same amount from the Low-Income Telephone Assistance Fund.
- (e) The Department of Human Services shall file with the Commission a report detailing its costs in administering the low-income telephone assistance program in accordance with § 40-3.4-101, C.R.S., et seq. The Commission shall request reimbursement of the approved expenses of the Department of Human Services from the State Treasurer, who shall remit that amount and shall debit the same from the Low-Income Telephone Assistance Fund.

2806. Prohibition of Disconnection.

- (a) Providers shall not disconnect LITAP service subscribers for non-payment of toll charges.
- (b) The Commission may grant a variance of paragraph (a) of this rule if the LEC can demonstrate all of the following:
 - (I) It would incur substantial and unjustifiable costs in complying with this requirement;
 - (II) It offers toll limitation to its qualifying low-income customers without charge; and
 - (III) Telephone subscriptions among low-income customers in the carrier's service area are greater than or equal to the national subscription rate for low-income customers. For purposes of this subparagraph, a "low-income customer" is one with an income below the poverty level as defined by the Department of Human Services for a family of four residing in the state.

2807. Offering of Toll Limitation.

- (a) All ETCs shall offer toll limitation to all qualifying low-income customers at the time such customers subscribe to LITAP service. If the customer elects to receive toll limitation, that service shall become part of the customer's LITAP service.

- (b) LITAP support for providing toll limitation shall be provided from the federal lifeline program.

2808. Service Deposit.

Providers shall not collect a service deposit in order to initiate LITAP service, if the qualifying low-income customer voluntarily elects toll limitation from the carrier, where available. If toll limitation is unavailable, the carrier may charge a service deposit.

2809. Federal Reporting Requirements.

Each ETC shall file information with the administrator of the federal Lifeline program demonstrating that the carrier's LITAP plan meets the criteria set forth in 47 C.F.R., Part 54, Subpart E, and stating the number of qualifying low-income customers and the amount of state assistance.

To the Board of Directors
The Bijou Telephone Co-op Association, Inc. and Subsidiaries
Byers, Colorado

We have audited the consolidated financial statements of The Bijou Telephone Co-op Association, Inc. and subsidiaries, as of and for the year ended December 31, 2015, and have issued our report thereon dated April 11, 2016. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information to you in our engagement letter dated October 6, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies.

The significant accounting policies of the Company are described in footnotes to the consolidated financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2015. We noted no transactions entered into by the Company during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the consolidated financial statements in the proper period.

Accounting estimates are an integral part of the consolidated financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the consolidated financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The only sensitive accounting estimates included in the consolidated financial statements for the year ended December 31, 2015, relate to the estimates for depreciation. As part of our audit, we compared the Company's depreciation rates to average rates used within the telecommunications industry. We have also discussed with management the Company's long-range plant replacement plans and have determined the current depreciation rates to be consistent with those plans.

The disclosures in the financial statements are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has determined that their effects are immaterial, both individually and in the aggregate, to the consolidated financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the consolidated financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated April 11, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Company's consolidated financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Company's auditor. However, these communications occurred in the normal course of our professional relationship and to our knowledge our responses were not a condition to our retention.

This letter is intended solely for the information and use of the board of directors, management of the Company, the Federal Communications Commission (FCC), Universal Service Administrative Company (USAC), and the relevant state and local regulatory agencies and is not intended to be and should not be used by anyone other than these specified parties.
